Effective Salary Seminar

What is Effective Salary?

It is a particular term that the Presbyterian Board of Pension uses to calculate Members Due that impacts Retirement, Medical, Death, and Disability Benefits for Ministers and Church workers. And it is what we use to set Minimum Salaries. It causes many misunderstandings among Churches and Pastors regarding what is being paid to the ministers and their taxes.

This year we are hosting a seminar to help everyone understand what this term includes and what it does not include.

Please register online or call the Presbytery office by September 20, 2022, to pick your time.
